

## 7.2 Annual Evaluation on Programme of Senior Secondary Curriculum Support Grant 2017-2018

Person in-charge : Wong Ling Yan

<b>Concerns and Evaluation methods</b>	<b>Evaluation Results</b>	<b>Suggestions for Improvement / Follow-up</b>
1. Enhancing students' language proficiency and providing a diversified NSS curriculum for students	✧ The additional teachers in Chinese Language enabled the subject to develop various school-based learning materials and e-learning strategies. ✧ The additional teachers in Mathematics enabled the school to maintain the current elective subject combinations which cater for students' abilities and interests.	✧ The support from SSCSG will be kept to provide manpower support to the major concern on learning and teaching and maintain a diversified curriculum for senior secondary.
2. Providing support for student development	✧ The Student Development Assistant assisted teachers in developing more activities which cater for students' needs in personal development. Students with lower self-esteem have been provided with more exposure and opportunities to take part in different programmes both inside and outside school and Hong Kong.	✧ The support from SSCSG will be kept to cater for various student needs in personal development.
